

TWAM

Tools with a Mission

**transforming lives through
livelihood creating tools**

With the income
from my tailoring,
I can send my
children to school.

Tools with a Mission

transforming lives through livelihood creating tools

When I finish
training, my
dream is to
open my own
carpentry
workshop.

I am training to
be a builder.
It's a good job
and will
support
my family

This is what we do: the TWAM journey to lives transformed

- 1 Tools are donated by the general public and businesses
- 2 Volunteers collect them
- 3 Volunteers lovingly refurbish them and sort them into trade kits
- 4 Applications for help are received from Africa
- 5 Volunteers process applications and make offers of help
- 6 Containers are filled with tool kits
- 7 Applicants receive their tools and transform their communities

TWAM has
changed my
family's
future.
