

The TWAM with a VAN appeal

“My worst ever journey was spending fourteen hours away from home when the van broke down near Hull. I was 125 miles away from home. I worry about van reliability when I travel”.

Hayden, volunteer driver from TWAM's Coventry depot

The TWAM with a VAN appeal

"I have driven over 37,000 miles for TWAM. I love what I do, but it is hard not knowing if the van will start in the morning, or make it home in the evening."

Colin

TWAM has four vans and needs to urgently replace three of them. We simply don't have the funds to do it. When a van breaks down it rapidly impacts on our operations and diverts vital resources. Last year a break down resulted in a driver getting home at 2am!

Breakdowns are getting more frequent. Once a van was out of action for six weeks and TWAM was in real trouble. Graham, our office manager explains:

"Without our main van we were under huge pressure. We were letting our volunteer collectors and supporters down and some were very distressed. I don't want to be in that position again."

Can you help TWAM to purchase newer reliable vans?

Could you help us with a gift of any size?

£45,000 is a big target, but together we can reach it and provide Colin and our many dedicated volunteer drivers with van they can rely on. We want all our drivers to have the confidence that the van they set out with in the morning will get them home again in the afternoon.

Could you hold a small fundraising event?

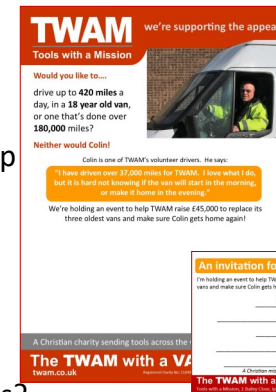

If we all work together we can reach our target. Fundraising events are great fun, bring people together, share the message of TWAM and can raise a lot of money.

"It was hard work, but I couldn't believe how much fun we had and how much we raised. I was so encouraged by everyone's generosity and enthusiasm." Linda, Norfolk.
